

On 27 February we have held the **4th ERASMUS+ meeting** with the following people:

Juhász Janka, Pál Réka, Vasas Dominika, Gábor Márton, Cseh Kitti, Fodor Livia Maja, Kiss Kevin Dominik, Nagy Mellina, Király Anna, Bánfai Evelin, Kovács Panna, Sinkovics Fanni, Földes Lilla, Bodnár Csenge, Szabó Dorka, Takács Milán, Holló Gergő, Anderkovics Bálint, Bodrogi Rebeka, Bereczki Gemma Kincső, Rideg István, Nagy Anita Enikő, Demény Csenge, Johancsik Dóra, Szívósné Kiss Katalin, Kiss Judit – teachers, Takácsné Szabó Anikó – lab assistant, Szelei Orsolya – Erasmus+ coordinator

**It was an other busy and efficient meeting with 2 tasks to do and make decisions:**

1. after the homework brainstorming, in groups they were outlining their ideas for making our school into an eco-school and finally **THE ACTION PLAN 1.0 version WAS BORN**. There will be 3 main actions during the 3-year period:

- **ENERGY:** light switches will be titled with **TURN ME OFF** signs
- **CAMPAIGNS:** there will be a sport, a waste and a health campaign
- **RECREATION and SURROUNDING:** pleasant areas will be formed to help students feel better at school, besides biodiversity will be increased in and out of the building by planting fruit trees and creating a fish pond, etc.

2. we worked out an efficient way of advertising the project:

- a logo will be planned
- a flyer will be made and spread on online surfaces: **website, facebook, twitter**
- posters will be made and spread in school
- at the so-called lecture day (like TED talks) a presentation will be given for our community
- 2 advertising stalls will be set up at the coming highly visited experiment expo in our school
- the local press will be informed and asked to make a report with us
